1 THE HISTORY OF KANGEN WATER

There are few unique places around the world for miraculous water

Ganga, Himalayas

Zam Zam, Macca

Lourdes, France

Nordenau, Germany

Tlacote, Mexico

Since Hundreds of years, these few miracle places have maintained a legendary status as a natural source for a "Miraculous Water" to control various diseases.

In 1950's Russian & Japanese scientists did a research on these 5 places waters. They discovered all these Miracle Water have few things in common.

1. Active Hydrogen (Anti-Oxidants)
2. Alkalinity
3. Micro-Clustered

Scientist through Research & Development invented a Medical Device, (Water Ionizer) in Japan to covert normal drinking water into "Miracle water".

In the year 1974 Enagic, a Japanese company manufactured the gigantic commercial water ionizers for Hospitals, after start drinking this water many patients got good results in their health. After two decades of successful demonstration of Health Benefits in Japanese Hospitals Enagic company realized "**Prevention is Better than Cure**" hence introduced a domestic units from 1994's.

About Distilled water & Reverse Osmosis

"Sure, its pure. But at what cost Water without minerals will scavenge them from your bone and every where else in your body as it moves through you. Water has an inherent need for minerals and if it doesn't have them, it will go find and take them...."

Root Cause of Cancer

Dr. OTTO HEINRICH WARBURG

Winner of the 1931 **Nobel Price in Physiology**

Discovered the cause of Cancer in "1923"

"CANCER grows in Oxygen Deprived ACIDIC tissue"

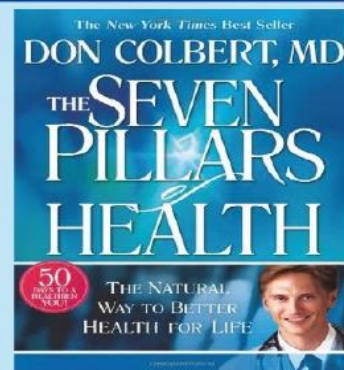

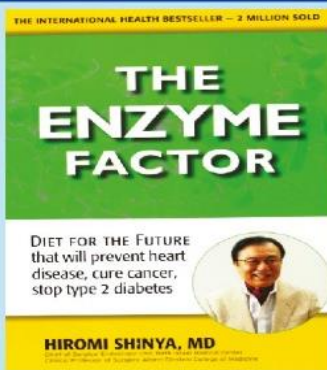

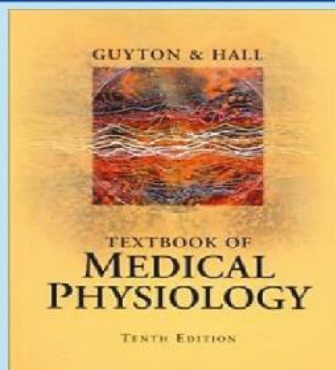

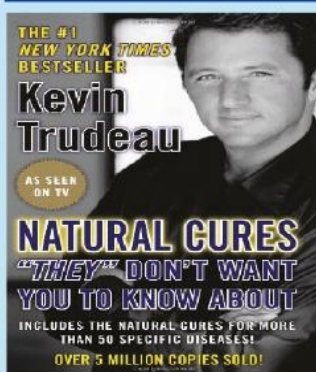

"DISEASES cannot survive in an ALKALINE BODY"

"Cancerous tissues are acidic, where as healthy tissues are alkaline"

"Deprive a cell 35% of its Oxygen for 48 hours and it may become cancerous"

Enagic is approved by over 6,500 Doctors of Japanese Association of Preventive Medicine for Adult Diseases (JAPA). Who have tested Enagic Devices in their clinics on patients

Every single person who has cancer has a pH that is too **ACIDIC**." "When your body pH is Alkaline... No ILLNESS, No Disease".

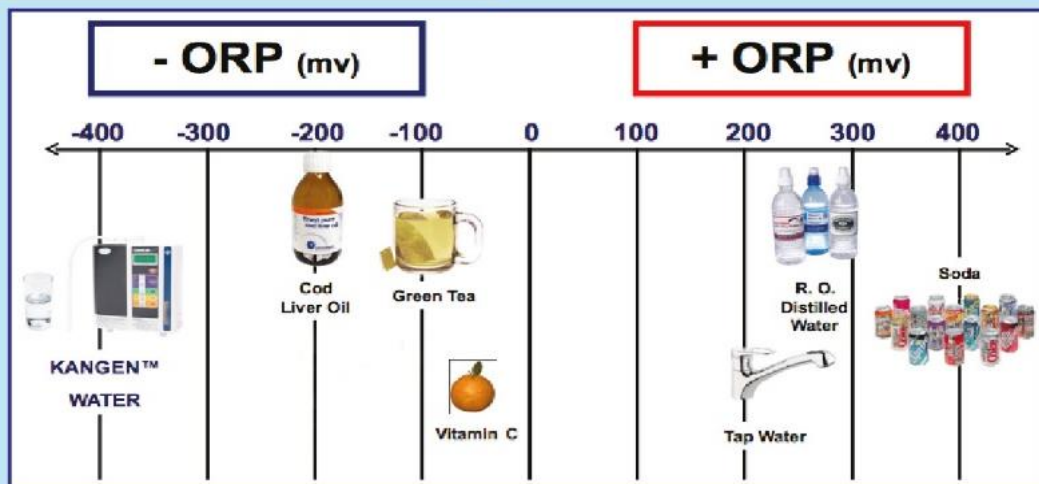

"The cells of a **Healthy** body are **Alkaline** The cell of **Diseased** body are **Acidic**"

Kangen Water is alkaline rich water (pH 8-9) and is considered very best drinking water because of it's incomparable powers of Hydration, Detoxification and Anti-Oxidation.

"Your body thrives in an **ALKALINE ENVIRONMENT** since it is able to detoxify more efficiently."

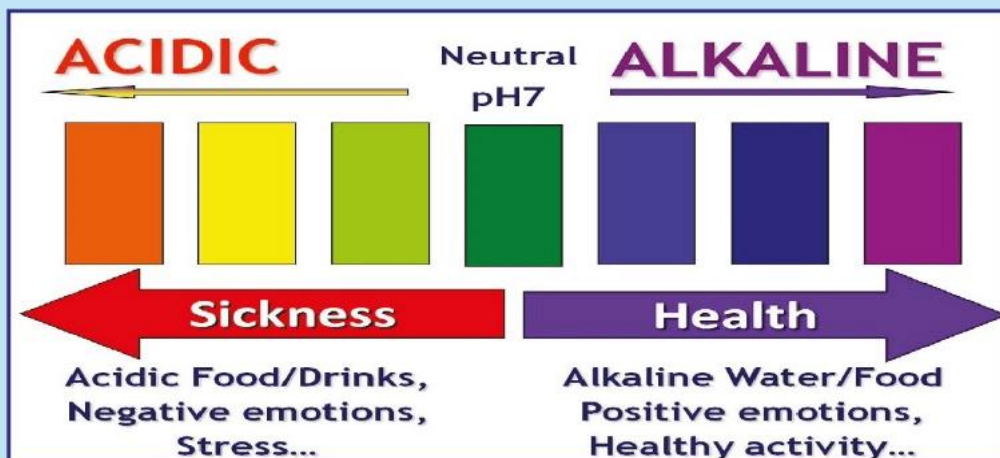

3 PROPERTIES OF KANGER WATER

Anti Oxidant

Antioxidants protect the body from damage caused by harmful molecules called free radicals. Antioxidants safely interact with free radicals and terminate the chain reaction of Oxidation before vital cells are damaged. Cells function poorly or die due to Oxidation. To prevent free radical damage (Oxidation) body needs enough antioxidants.

Alkaline

Alkalinity is the "Normal" state of Healthy person, Body tends to be acidic due to Acidic diet, stress and environmental toxins pollustop not comma Alkanized Water helps body in maintaining healthy pH, Disease grows in Acidic & hypoxic tissue, disease can't survive in healthy alkaline body.

Micro Clustering

Tap Water/Bottled Water
15-20 clustered molecules

KANGEN WATER
5-6 Clustered molecules

Tap or Bottled water has large clusters of 15-20 molecules. Ionization process restructures water clusters to 5-6 molecules. Smaller cluster means, water easily absorbed into cells. thereby providing superior hydration for body

4 HEALTH BENEFITS OF KANGEN WATER™

8.5 pH , 9.0 pH, 9.5 pH

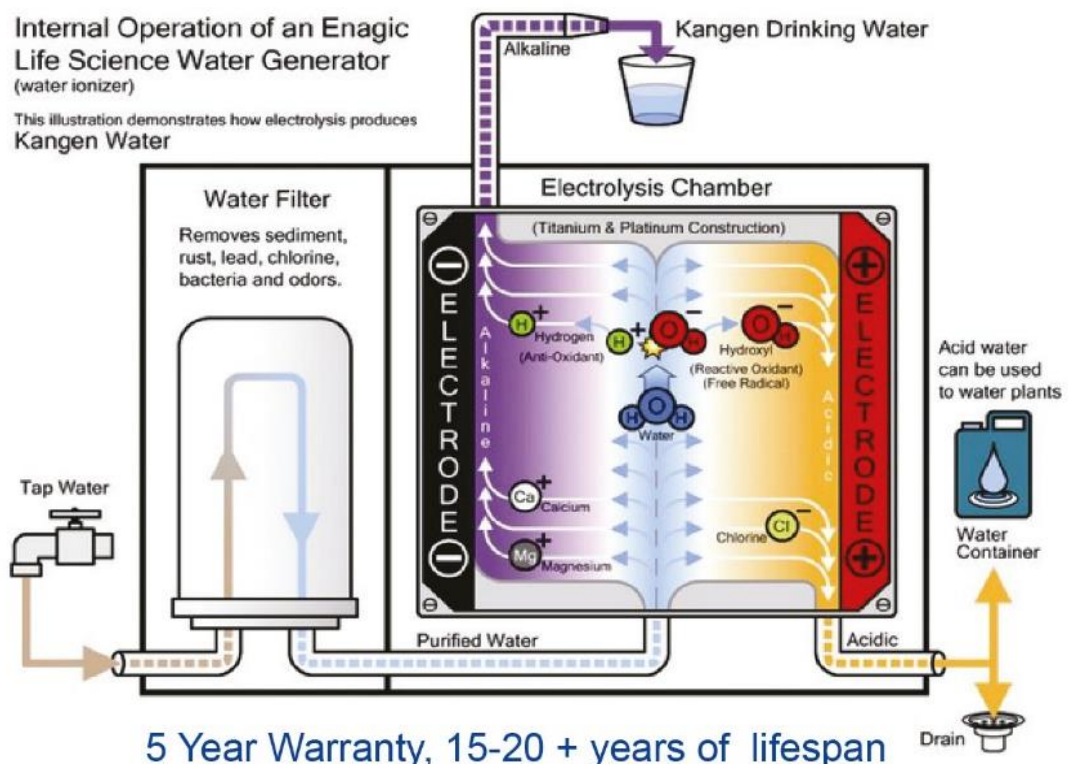

- Antioxidant water protects our body cells from Oxidative damage.
- Alkalized water helps body in maintaining healthy pH, Disease can't survive in Healthy alkaline body.
- Micro - Clustered water easily absorb into cells, provides superior hydration & Oxygenation for cells Detoxification of the acidic waste from body, and also helps in nourishment & healthy growth of tissue.
- Preserves the body to Homeostasis, increase immunity.
- Promotes better sleep, more energy & weight loss.

Electrolysis Process

Internal Operation of an Enagic Life Science Water Generator (water ionizer)

This illustration demonstrates how electrolysis produces Kangen Water

5 Year Warranty, 15-20 + years of lifespan

Ionization chamber contains Medical Grade Titanium Plates Dipped in Medical Grade Platinum, once electricity is given, these plates act as Anode & cathode, water molecules (H_2O) split into H^+ and OH^- ions, $H_2O \rightarrow OH^- + H^+$. OH^- ions come into drinking water outlet and H^+ ions come into drain outlet, in this process tap water of 15 to 20 H_2O clusters will be restructured to 5 to 6 H_2O clusters.

High Blood Pressure

The blood is normally about 92% water when the body is fully hydrated. When dehydrated, the blood becomes thicker causing resistance to blood flow and resulting in elevated blood pressure.

Constipation

Colon is one of the primary regions of the body to draw water from, in order to provide fluids for other critical body functions. Without adequate water, fecal matter moves through the large intestines much more slowly or sometimes not at all, that resulting in constipation.

Skin disorders

Dehydration impairs the elimination of toxins through the skin and makes it more vulnerable to all types of skin disorders, including dermatitis and premature wrinkling and discoloration.

Joint Pain / Stiffness

All joints have cartilage padding which is composed mainly of water. When the body is dehydrated, cartilage is weakened and joint repair is slow, resulting in pain and discomfort.

Asthma & Allergies

When dehydrated, the body constricts airways to conserve water. The rate of histamine produced by the body increases as the body loses more and more water, this precipitates asthma and allergies.

High Cholesterol

When the body is dehydrated, it will produce more cholesterol to prevent water loss from the cells.

Weight Gain

When dehydrated, cells are deprived of energy. As a result, people tend to eat more, which results in obesity.

Digestive disorders

Shortage of water and alkaline minerals, such as calcium and magnesium, can lead to a number of digestive disorders, including ulcers, gastritis, and acid reflux.

Bladder / Kidney Problems

With a dehydrated body, the accumulation of toxins and acid waste creates an acidic environment where bacteria thrive, resulting in the bladder and kidney to be more prone to infection, inflammation, and kidney stones.

Fatigue

Water is the most vital source of energy in the body. Dehydration causes the enzymatic activity to slow down, resulting in tiredness and fatigue.

Premature Ageing

Skin is the largest organ of the body; chronic dehydration results in wrinkling and signs of premature aging.

Alkaline Water Health Benefits ?

- Aids in **Weight Loss**
- Better **Hydration**
- Balances **Body pH**
- **Detoxifies** Body
