Hunza Valley Water

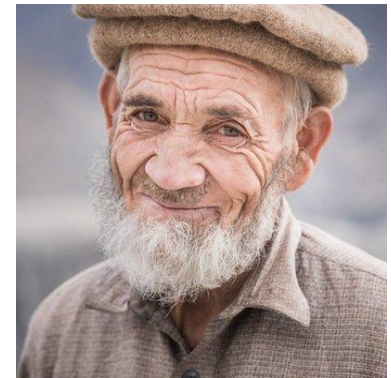

An authentic example of Healthy Water

Located at 7999 ft. in Northern Pakistan and is home of **the longest lived people on the planet**. Hunza people are uniquely healthy & routinely live to **120-140 years** with virtually **no cancer, degenerative disease, dental caries or bone decay**. Research has proven that **the major common denominator of the healthy long-living people is their local water** which they drink directly from glacial streams in the high Himalayas. It is fresh, invigorating and life enhancing. This water is an example of **Perfect Natural Water**.

Dr. Henri Coanda, a Nobel Prize winner at 78 yrs old, spent six decades studying the Hunza water and the cause of such beneficial effects for the body.

They found Hunza water had a **high alkaline pH and an extraordinary amount of active hydrogen (hydrogen with an extra electron), with a negative Redox Potential** and a high colloidal mineral content.

The **Water is living** and provides health benefits that other types of drinking water cannot.

HEALTH

Dr. Otto Heinrich Warburg

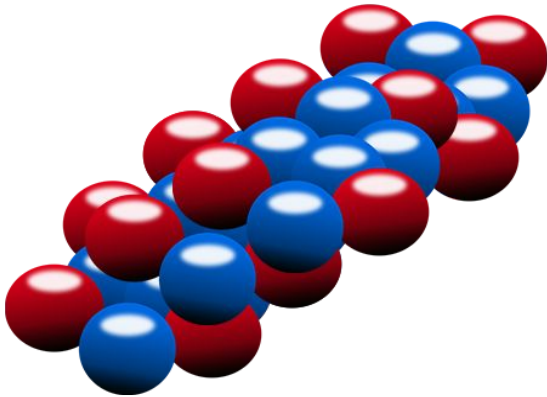

Discovered the real cause of cancer
In 1923 and received the noble prize for physiology in
1931.

In his work the metabolism of tumors he
demonstrated that all forms of cancer are
characterized by two basic conditions:
ACIDOSIS AND **HYPOXIA** (LACK OF OXYGEN)

CANCEROUS TISSUES ARE **ACIDIC,
WHEREAS HEALTHY TISSUES ARE **ALKALINE**.**

He also discovered that **Cancer cells are also **Anaerobic**** (do not breathe oxygen)
and cannot survive in the presence of high levels of oxygen, as found in an
Alkaline state.

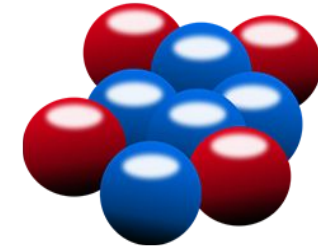

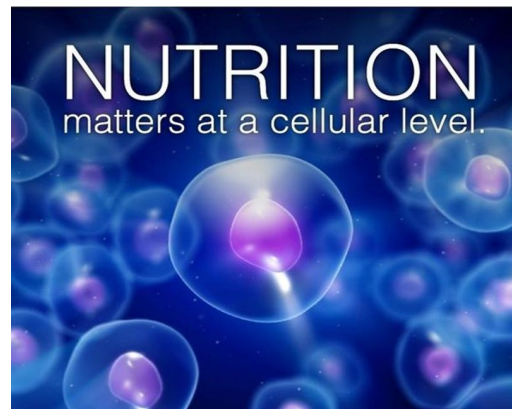

Micro-Clustering

Regular H₂O Cluster

15 - 20 Molecules

Larger clusters limit
absorption by the

KANGEN™ H₂O

Micro-Cluster

Micro-clusters allow

Dr. Peter Agre

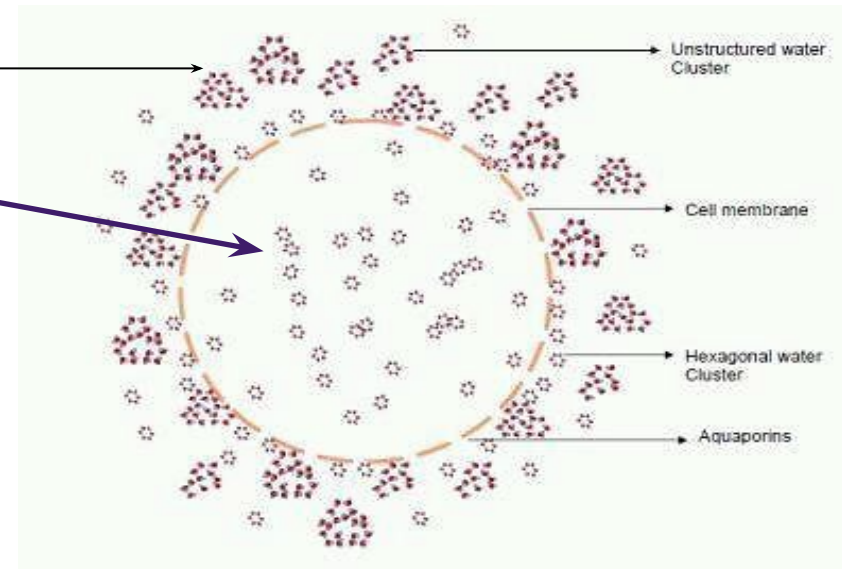

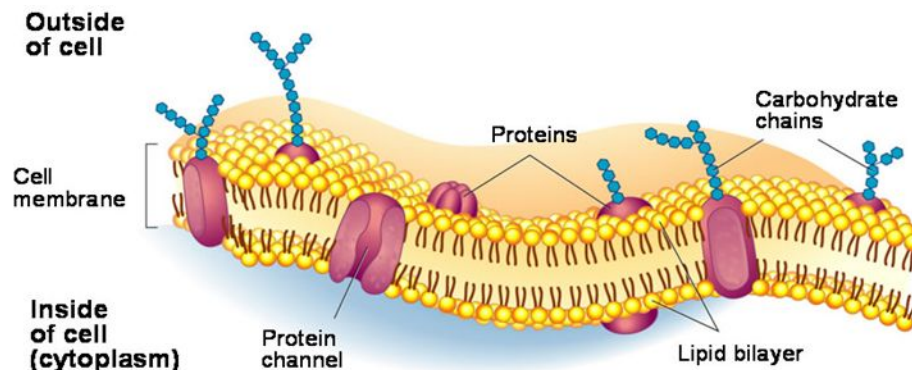

Water Channels...are "the plumbing system for cells," said Dr Peter Agre
a Nobel Prize Winner 2003.

Every cell is primarily water. "But the water doesn't just sit in the cell, it moves through it in a very organized way. The process occurs rapidly in tissues that have these **aquaporins or water channels.**"

The navigation bar lists: Home, About Us, The Cure Within, Top 10 List, Resources, Join Us!, Contact, and Get The Book!. The main content area features a "AACI natural products recommendation no. 1" section. A green sidebar lists the "About The AACI Top 10 List" items: 1. Alkaline Ionized Water, 2. Extreme Nutrition, 3. Pure Vitamin D, 4. Phytonutrients and Protonophores, 5. Prolamine Iodine & Catalase F, 6. Transfer Factors, 7. High Polency Aloe, 8. Magnesium Chloride, 9. Glutathione Precursor, and 10. The Superfood Mixings. The main text describes Alkaline Ionized Water (AIW) as the AACI's Number One recommended natural product for cancer patients and cancer prevention. It lists three unique properties: 1) alkaline in pH, 2) powerfully antioxidant, and 3) restructured. A video player shows a man speaking, with a play button overlay. To the right of the video, there are portraits of celebrities: Anthony Robbins, Pat Boone, and Antonio Banderas. Below the video, a quote from Anthony Robbins is displayed: "If you're going to have energy, you have to understand the delicate balance in your body called the acid-alkaline balance...". A caption below the quote reads: "Celebs love Alkaline Ionized Water!". At the bottom, there are four more celebrity portraits: Steven Tyler, Suzanne Somers, Demi Moore, and Jillian Michaels, each with a caption below it.

If I were looking for an electrolysis unit today, I would choose the SD501 made by the Enagic Company. I have explained most of my reasoning for this decision in earlier comments. The versatile, multi-function SD501 is rather expensive at just under \$4,000, but worth every penny and is simply the "Rolls Royce" of water ionizers.
